

18th Annual Meeting

Collaborative Group of the Americas on Inherited Colorectal Cancer

In joint providership with Cleveland Clinic

September 15 – 16, 2014

Hilton New Orleans Riverside
New Orleans, LA

Register Today! ccfcme.org/GoCGA

Visit the CGA website for more information at www.CGAICC.com

The CGA-ICC meeting will precede the National Society of Genetic Counselors
Annual Conference, September 17 – 20, 2014

Join us at the 18th Annual Meeting of Collaborative Group of the Americas on Inherited Colorectal Cancer

Colorectal cancer is one of the top causes of cancer and cancer death for both men and women throughout the world. Approximately 5% of all colorectal cancers are known to be associated with an inherited genetic syndrome. Importantly, colorectal cancer is preventable, via detection and removal of precancerous polyps by screening colonoscopy. Similarly, other associated extracolonic cancers can be prevented by appropriate screening. This conference (*the 18th Annual Meeting of the Collaborative Group of the Americas on Inherited Colorectal Cancer*, CGA-ICC) assembles health care professionals and researchers who care for or study individuals and families at an increased risk of colorectal and other associated hereditary cancers. The program provides cutting edge information in several areas inherent to the field including the following: 1. Recent developments on the understanding of the underlying biology of cancer development, 2. New approaches and technologies used to screen and prevent colorectal and other cancers, highlighting the evidence-based approaches of new diagnostics, devices, and pharmaceuticals, 3. Review of the limitations of current technology and barriers to the diagnosis and prevention of cancer with discussion of how to narrow the gaps in our knowledge, 4. Surgical approaches to hereditary colorectal cancer syndromes for both treatment and prophylaxis, 5. Clinical and genetic modifiers of the hereditary cancer risk and opportunities to intervene using this knowledge (e.g. chemoprevention), and 6. The impact of newly discovered genes and the use of recently introduced gene panels to diagnose and manage hereditary colorectal cancer syndromes.

The meeting will utilize didactic and interactive sessions. Multidisciplinary panels will review and discuss patient cases with emphasis on genetic testing, multiple organ surveillance, pathology, and surgical management. Participants will have the opportunity to meet in small groups during “breakfast with the experts” sessions. The main audience will include gastroenterologists, general surgeons, colorectal surgeons, medical oncologists, pathologists, geneticists, genetic counselors, registry coordinators, nurses, and researchers. The conference approach will help reduce the barriers facing the learners including lack of time to keep up on rapid advances in many aspects of genetic technology and its implementation into clinical practice; challenges diagnosing and managing patients with ambiguous clinical presentations and uncertain genetic test results; limited knowledge and resources about hereditary colorectal cancer syndromes in the general population and ethnic minorities; as well as barriers imposed by patients and providers for identifying all patients with hereditary cancer syndromes.

Who Should Attend

The program will be directed to all caregivers and researchers interested in hereditary colorectal cancer syndromes, including colorectal surgeons, medical oncologists, gastroenterologists, geneticists, nurses, colorectal cancer registry coordinators, genetic counselors, psychologists and other professionals involved in the care of individuals with hereditary colorectal cancer.

Objectives

- Summarize recent research on the basic biology of colorectal cancer pathogenesis, including new findings on modifiers of the hereditary phenotypes, and describe potential implications for clinical practice
- Implement new approaches to screening and preventing colorectal cancers, highlighting the evidence-base for new diagnostics, devices, and pharmaceuticals
- Describe the impact of newly discovered genes and the use of recently introduced gene panels to diagnose and manage hereditary colorectal cancer syndromes
- Institute use of clinical and genetic modifiers of the hereditary cancer risk in clinical practice
- List the surgical approaches to hereditary colorectal cancer syndromes for both treatment and prophylaxis and describe patient factors that guide surgical decision-making
- Define the changing care models for diagnosis and management of various hereditary cancer syndromes

Course Directors

Matthew F. Kalady, MD

Associate Professor of Surgery
Vice-Chairman, Sanford R. Weiss, MD, Center for Inherited
Colorectal Neoplasia
Krause-Lieberman Chair in Colorectal Surgery
Department of Colorectal Surgery
Digestive Disease Institute
Cleveland Clinic
Cleveland, OH

James Church, MD

Director, Sanford R. Weiss, MD,
Center for Hereditary Colorectal Neoplasia
Department of Colorectal Surgery
Digestive Disease Institute
Cleveland Clinic
Cleveland, OH

CGA Council 2013 – 2014

President

Matthew F. Kalady, MD

Agenda

Sunday, September 14, 2014

4:00 – 8:00 pm Advance Registration

Monday, September 15, 2014

6:00 am	Registration/Continental Breakfast/ Exhibits	1:30 – 2:30 pm	Concurrent Sessions
7:00 am	Pre-Meeting Breakfast Sessions		Surgery for Hereditary Syndromes
	A. Genetics Primer <i>Deborah Neklason, PhD</i>		Practical Surgical Decision Making in Hereditary Syndromes Moderators: <i>Linda M. Farkas, MD,</i> and <i>Benedito Rossi, MD, PhD</i>
	B. Establishing/Maintaining a Hereditary CRC Registry <i>Duveen Sturgeon, MSN</i> <i>Victoria M. Raymond, MS</i>		Discussion Panelists: <i>James Church, MD; Jaime Bohl, MD;</i> <i>Jose Guillem, MD; Jason Hall, MD;</i> <i>Miguel A. Rodriguez-Bigas, MD;</i> <i>Timothy Sadiq, MD; Charles Whitlow, MD;</i> and <i>Paul E. Wise, MD</i>
	C. Career Development in Hereditary CRC Field <i>C. Richard Boland, MD</i> <i>Heather Hampel, MS</i>	1:30 pm	What Do Desmoids Mean for an Ileal Pouch? <i>James Church, MD</i>
8:00 am	President's Welcome <i>Matthew F. Kalady, MD</i>	1:45 pm	Influence of Age on Determining IPAA vs IRA <i>Timothy Sadiq, MD</i>
8:10 – 9:30 am	General Session I: Modifiers of the Hereditary CRC Phenotype Moderator: <i>Elena M. Stoffel, MD</i>	2:00 pm	Proctocolectomy for Rectal Cancer in Lynch Syndrome <i>Jose Guillem, MD</i>
8:10 am	Genes and Genetic Modifiers <i>Stephen B. Gruber, MD, PhD</i>	2:15 pm	Diagnosis and Management of Oligopolyposis <i>Miguel A. Rodriguez-Bigas, MD</i>
8:40 am	Chemoprevention: What are the Data? <i>Eduardo Vilar-Sanchez, MD, PhD</i>		Genetic Counseling Session Moderator: <i>Victoria M. Raymond, MS</i>
8:55 am	Microbiome <i>Michael J. Morowitz, MD</i>	1:30 pm	Surgery Nuts and Bolts for Genetic Counselors <i>David Margolin, MD</i>
9:10 am	Panel Discussion/Question and Answer Period	1:50 pm	Endoscopy Tools <i>Carol A. Burke, MD</i>
9:30 am	Jass Lectureship Introduction: <i>TBD</i> What is the Tumor Telling Us? <i>Stanley R. Hamilton, MD</i>	2:10 pm	Overview of Gastrointestinal Imaging <i>Shetal Shah, MD</i>
10:00 am	Refreshment Break/Exhibits/Posters	2:30 pm	Hot Topics: Clinical Science <i>Randall W. Burt, MD</i>
10:30 am	Presidential Plenary Session I (Scientific Abstract Presentations) Moderators: <i>Matthew F. Kalady, MD,</i> and <i>Susan K. Peterson, PhD</i>	3:00 pm	Herrera Lectureship Introduction: <i>Thomas K. Weber, MD</i> The Power of Collaboration <i>Robert Haile, PhD</i>
12:00 pm	Lunch (On Your Own)	3:30 pm	Refreshment Break/Exhibits/Posters
		4:00 pm	Policy Update: What Does the Affordable Care Act Mean for Caregivers? <i>Frank G. Opelka, MD</i>
		4:30 pm	Vogelstein Lectureship Introduction: <i>Matthew F. Kalady, MD</i> Uncovering the Story of Hamartomatous Polyposis Syndromes <i>James Howe, MD</i>
		5:00 pm	Challenging Cases Moderator: <i>James Church, MD</i> Discussion Panelists: <i>Stephen B. Gruber, MD, PhD</i> <i>Spring Holter, MS</i> <i>Thomas Plesec, MD</i> <i>Miguel A. Rodriguez-Bigas, MD</i> <i>Benedito Rossi, MD, PhD</i>
		5:45 pm	Adjourn
		6:00 pm	Poster Session and Reception
		7:00 – 9:00 pm	Dinner and Lifetime Achievement Award <i>Robert Haile, PhD</i>

Tuesday, September 16, 2014

7:00 – 7:50 am Breakfast With the Experts/Meet the Professors (\$30 Fee)

- | | |
|--|---|
| D. Serrated Polyposis
<i>Randall W. Burt, MD</i> | H. Universal Screening
<i>Heather Hampel, MS</i> |
| E. Desmoids
<i>James Church, MD</i> | I. Genetic Counseling
<i>Spring Holter, MS</i> |
| F. Endoscopy Pearls
<i>Patrick M. Lynch, MD, JD</i> | J. Screening in FAP
<i>Carol A. Burke, MD</i> |
| G. Hamartomatous Syndromes
<i>James Howe, MD</i> | |

7:30 am Coffee/Exhibits/Posters

8:00 – 9:20 am General Session II: Updates/Evaluating the Significance of New Genes
Moderator: *Carin Espenschied, MS*

8:00 am Recent Discoveries: POLE-E/POLE-D, GREM1, BUB1
Michael Hall, MD

8:20 am Gene Hunting
Ian Tomlinson, MD

8:40 am Using Gene Panels in Clinical Practice
Melyssa Aronson, MS

9:00 am Panel Discussion/Question and Answer Period

9:20 am

Jagelman Lectureship
Introduction: *James Church, MD*
Current and Future Thoughts on
Serrated Polyposis Syndrome
C. Richard Boland, MD

9:50 am Hot Topics: Behavioral Science
Allison M. Burton-Chase, PhD

10:20 am Refreshment Break/Exhibits/Posters

10:50 am Plenary Paper Session II
(Scientific Abstract Presentations)
Moderators: *Matthew F. Kalady, MD*, and *Elena M. Stoffel, MD*

11:50 am Presentation of Awards
Matthew F. Kalady, MD
CGA Fund
Presented By: *Steven H. Erdman, MD*
Travel Grant – CCCF
Presented By: *Thomas K. Weber, MD*

12:00 pm Lunch and Business Meeting

1:15 – 2:30 pm General Session III: Hamartomatous Syndromes: Multidisciplinary Approach
Moderator: *Steven H. Erdman, MD*

1:15 pm Testing Strategies for Suspected PTEN-Hamartoma Syndromes
Brandie Leach, MS

1:35 pm Surveillance and Management of the Pancreas
Randall E. Brand, MD

1:55 pm Putting It All Together: Clinical Implications
James Howe, MD

2:15 pm Panel Discussion/Question and Answer Period

2:30 pm Hot Topics: Basic Science
John Carethers, MD

3:00 pm Refreshment Break/Exhibits/Posters

3:30 – 4:50 pm General Session IV: Changing Paradigms in Hereditary Non-polyposis Colorectal Cancer
Moderator: *Patrick M. Lynch, MD, JD*

3:30 pm Updates on Extracolonic Risk in Lynch Syndrome
Fay Kastrinos, MD

3:50 pm What's New in Familial Colorectal Cancer Type X?
Xavier Llor, MD, PhD

4:10 pm Implications of "Tumor Lynch"
Heather Hampel, MS

4:30 pm Panel Discussion/Question and Answer Period

4:50 pm Hereditary Colon Cancer Jeopardy
Moderator: *James Church, MD*

5:20 pm Closing Remarks and Adjourn
Matthew F. Kalady, MD

General Information

Location

Hilton New Orleans Riverside

2 Poydras Street
New Orleans, LA 70130
Phone: 504.561.0500 or 855.760.0870

Hotel Accommodations

A block of rooms has been reserved at the Hilton New Orleans Riverside until

August 21, 2014. To make your reservations, contact the Hotel Reservations Department at 504.561.0500 or 855.760.0870. Please identify yourself as being with the **Cleveland Clinic Collaborative Group of the Americas on**

Inherited Colorectal Cancer for a special rate of \$189 plus tax. **There are very limited sleeping rooms available on Tuesday. Those attending the National Society of Genetic Counselors Annual Conference will need to make their reservations for Tuesday night and beyond by using the NSCG room block. Book early – limited double/double rooms available at the hotel.**

(c) 2014 Hilton Hotels & Resorts

Information

For further information about this course, contact the Cleveland Clinic Center for Continuing Education at:

Local: 216.448.0770

Toll Free: 800.238.6750

Web Address: ccfcme.org/GoCGA

Registration and Cancellation

Preregistrations are accepted until **2:00 pm ET September 11, 2014.** Register on site after this date. In case of cancellation, a full refund will be made if written request for cancellation is received by August 12th, 2014. After August 12th, 2014, a \$50 cancellation fee will be deducted from your refund. Written notification of your cancellation is required to process your refund. **NO REFUNDS WILL BE ISSUED AFTER SEPTEMBER 14, 2014.**

For questions about registration, email us at cmeregistration@ccf.org or call 216.448.0777.

Parking

Self-parking is available for \$31.25 (+Tax) Per Night.
Valet parking is available for \$36.61 (+Tax) Per Night.

Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Cleveland Clinic Foundation Center for Continuing Education and Collaborative Group of the Americas on Inherited Colorectal Cancer. The Cleveland Clinic Foundation Center for Continuing Education is accredited by the ACCME to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 16.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

The Ohio Board of Nursing will accept at face value the number of contact hours awarded for an educational activity that has been approved for CE by a nationally accredited system of CE approval. Therefore, the 16.25 *AMA PRA Category 1 Credits™* will be accepted for nursing credits.

This activity has been submitted to the Canadian Association of Genetic Counselors (CAGC) for approval of Category 1 CEUs.

Faculty Disclosure

The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

Americans with Disabilities Act

The Cleveland Clinic Foundation Center for Continuing Education fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify us at least two weeks prior to the activity.

Recording or reproducing of this course in any format is prohibited.

Registration Rates

Fee Includes: Faculty online post-presentations in PDF format, Tuesday lunch, refreshment breaks, reception, and Lifetime Award Dinner.

	Early Bird Registration On or Before August 22, 2014		After August 22, 2014	
	CGA-ICC Members	Non CGA-ICC Members	CGA-ICC Members	Non CGA-ICC Members
MD/DO/PhD	\$400	\$625	\$450	\$675
Counselor, Nurse Coordinator	\$300	\$400	\$350	\$450
Student/Trainee*	\$250	\$300	\$300	\$350

*Letter from program director is required to receive the discounted fee. If letter is not received two weeks prior to the activity, the full physician fee will be charged.
